

ASIS Las Vegas Chainlink

August 2008

CHAIRMAN'S CORNER

The July meeting was a great success with over 40 attendees. This month we will again have a fantastic speaker and great food.

Those interested in running for the 2009 board should submit their interest to Joe McDonald.

The education and certification committees will be holding a meeting the first week of September to prepare for the educational seminar and CPP review. The committee chairs have asked for members to assist with marketing the events.

Steve

August Meeting

LOCATION: Tuscany Suites and Casino
Marilyn's Cafe
255 E. Flamingo Road

DATE: Thursday August 21, 2008

TIME: 11:30 AM Networking

COST \$10.00

This Month's Speaker

Our August speaker is the phenomenal Carri Holmes with Ingersoll Rand Security Technologies. Carri has been very active in the chapter for the last few years and has become our resident expert for physical security related issues. Carri has 20 years of experience in the architectural hardware industry with extensive training in hollow metal doors and frames, architectural door hardware, ADA compliance and fire safety codes.

Carri will be speaking on key system security with discussion on "key bumping" and picking. This should be an interesting and informative presentation.

Committee Chairs

We need reports from each of the committee on their activities. Each committee has a specific area of responsibility. We need to know what you have achieved in the first half 2008 and what activities you have planned for the remainder of the year. There are several committees that have not yet responded this year. Let's meet our obligations.

Legislative Alert

New "Email Law" takes effect October 1, 2008

As a result of Nevada legislative action taken a few years ago, a section of law is scheduled to take effect on October 1, 2008. It basically covers a business in Nevada sending personal information (such as a Social Security Number, Drivers License Number, etc. See below) via any "Electronic Transmission" that is not part of a secure system of that business. Sending personal information (Reports of Investigations, assignment sheets, etc.) via unsecure email would be a violation of Nevada law effective 1 October.

Below is the revised sections of Nevada Revised Statues 597.970, and related sections.

NRS 597.970 Restrictions on transfer of personal information through electronic transmission. [Effective October 1, 2008.]

1. A business in this State shall not transfer any personal information of a customer through an electronic transmission other than a facsimile to a person outside of the secure system of the business unless the business uses encryption to ensure the security of electronic transmission.

2. As used in this section:

(a) "Encryption" has the meaning ascribed to it in NRS 205.4742.

(b) "Personal information" has the meaning ascribed to it in NRS 603A.040.

NRS 205.4742 "Encryption" defined. "Encryption" means the use of any protective or disruptive measure, including, without limitation, cryptography, enciphering, encoding or a computer contaminant, to:

1. Prevent, impede, delay or disrupt access to any data, information, image, program, signal or sound;
2. Cause or make any data, information, image, program, signal or sound unintelligible or unusable; or
3. Prevent, impede, delay or disrupt the normal operation or use of any component, device, equipment, system or network.

NRS 603A.040 "Personal information" defined.

"Personal information" means a natural person's first name or first initial and last name in combination with any one or more of the following data elements, when the name and data elements are not encrypted:

1. Social security number.
2. Driver's license number or identification card number.
3. Account number, credit card number or debit card number, in combination with any required security code, access code or password that would permit access to the person's financial account.

Ê The term does not include the last four digits of a social security number or publicly available information that is lawfully made available to the general public.

Legislative Liaison
Vice-Chairman

Newsletter Submissions

We are transitioning the newsletter responsibilities to Walt Quering. In order to make Walt's job a little less painful we need all items emailed to him no later than the Thursday prior to the meeting. If you can get your article to him earlier in the month it would be appreciated. Walt can be reached at wquering@hotmail.com

Meeting Sponsors

We are seeking sponsors for our monthly meetings. For \$300 you or your company can sponsor the meeting.

For your donation you will receive notice in the Chainlink, the opportunity to display your product or service at the meeting, and the gratitude of the chapter treasury. See Glenda for additional information.
